

Portable Pneumatic Press

Model 3P6-X

The **Model 3P6-X** is a portable pneumatic press specifically designed for applications involving heavy-duty materials and/or larger grommets. This powerful, compact press is capable of punching a hole in a wide range of materials and setting a grommet and washer, all in a single cycle. The 3P6-X is available for larger grommets with a hole size up to up to 1-¹/₂" (40mm), and also accommodates Snap Fasteners. Setting tools for the 3P6-X are interchangeable, and are threaded in-place to facilitate fast conversions. The 3P6-X is built on a sturdy welded frame and designed for safe operation, portability and ease of use.

The 3P6-X is designed to be portable, or can be bench mounted. Several alternative configurations allow the 3P6-X to be used in the most productive manner including: (a) Pedestal Stand with optional foot pedal; (b) Mobile Base for floor work; and (c) Tool Rack with Storage Bins.

3P6-X Benefits

- ◆ **Ergonomic** — No physical exertion is required to punch the hole or set grommets. Operators can work at the machine for extended periods of time without getting tired.
- ◆ **Lower Cost Grommets** — Since the 3P6-X punches the hole Sheet Metal Grommets can be used. These are less expensive than Self Piercing Grommets.
- ◆ **Safety** — The integrated front guard must be lowered to cycle the machine and can be adjusted for products of varying thicknesses.

3P6-X Specifications

<u>Base</u>		<u>On Stand</u>
45	Weight (lbs)	115
17- ¹ / ₂ x4- ¹ / ₂ x14	Dimensions (1)(2)	40x18x19
5- ¹ / ₈ "	Working Height	43- ¹ / ₈ "
57	Crated Weight (lbs)	135
25x18x18 (cardboard box)	Crated Dimensions (1)(3)	24x24x72 (pallet)
100 psi	Pneumatic Requirements	4.2 cfm

Footnotes

- 1) Inches; height x width x depth
- 2) Base alone ships UPS or Fedex.
- 3) On Stands ships LTL, CL 92.5
